

CONTENTS OF VOLUME 123

Vol. 124C, No. 1

General Papers

- | | | |
|--|-----|--|
| R. J. Llanos, D. C. Miceli, J. N. Valz-Gianinet and C. M. Whitacre | 1 | A simple procedure for isolation of <i>Bufo arenarum</i> C ₃ complement fraction and preparation of antiserum |
| U. Kierdorf and L. Bartoš | 7 | Treatment of the growing pedicle with retinoic acid increased the size of first antlers in fallow deer (<i>Dama dama</i> L.) |
| T. Mow, K. Poulsen, A. H. Nielsen, U. Baandrup, B. F. Hansen and H. D. Pedersen | 11 | Species differences in expression of angiotensin II receptors and angiotensin-converting enzyme in human, canine and rat mitral valve leaflets |
| T. Sasanami, M. Ikami and M. Mori | 19 | Involvement of mitogen-activated protein kinase in transforming growth factor α -stimulated cell proliferation in the cultured granulosa cells of the Japanese quail |
| S. Irwin, A. P. Kenny, J. O'Halloran, R. D. FitzGerald and P. F. Duggan | 27 | Adaptation and validation of a radioimmunoassay kit for measuring plasma cortisol in turbot |
| N. Baños, J. V. Planas, J. Gutiérrez and I. Navarro | 33 | Regulation of plasma insulin-like growth factor-I levels in brown trout (<i>Salmo trutta</i>) |
| R. B. Philp | 41 | Cadmium content of the marine sponge <i>Microciona prolifera</i> , other sponges, water and sediment from the eastern Florida panhandle: possible effects on <i>Microciona</i> cell aggregation and potential roles of low pH and low salinity |
| F. Passarelli, A. Merante, F. E. Pontieri, V. Margotta, G. Venturini and G. Palladini | 51 | Opioid-dopamine interaction in planaria: a behavioral study |
| H. Busk, M. T. Sørensen, E. O. Mikkelsen, M. O. Nielsen and K. Jakobsen | 57 | Responses to potential vasoactive substances of isolated mammary blood vessels from lactating sows |
| S. D. Banks, P. Thomas and K. N. Baer | 65 | Seasonal variations in hepatic and ovarian zinc concentrations during the annual reproductive cycle in female channel catfish (<i>Ictalurus punctatus</i>) |
| J. Choi, H. Roche and T. Caquet | 73 | Characterization of superoxide dismutase activity in <i>Chironomus riparius</i> Mg. (Diptera, Chironomidae) larvae — a potential biomarker |
| M. J. Huentelman, C. M. Peters, W. E. Ervine, S. M. Polutnik and P. Johnson | 83 | Ethanol has differential effects on rat neuron and thymocyte reactive oxygen species levels and cell viability |
| M. S. Ramírez, E. E. Sánchez, C. García-Prieto, J. C. Pérez, G. Rodríguez Chapa, M. R. McKeller, R. Ramírez and Y. De Anda | 91 | Screening for fibrinolytic activity in eight Viperid venoms |
| A. C. Calvo and M. J. Azanza | 99 | Synaptic neurone activity under applied 50 Hz alternating magnetic fields |
| M. L. Wright, K. L. Proctor and C. D. Alves | 109 | Hormonal profiles correlated with season, cold, and starvation in <i>Rana catesbeiana</i> (bullfrog) tadpoles |

Instructions to Authors

Vol. 124C, No. 2

Reviews

- | | | |
|--|-----|---|
| M. P. Vinardell and M. R. Infante | 117 | The relationship between the chain length of non-ionic surfactants and their hemolytic action on human erythrocytes |
| K. Tsutsui, K. Ukena, M. Takase, C. Kohchi and R. W. Lea | 121 | Neurosteroid biosynthesis in vertebrate brains |

General Papers

- | | | |
|---|-----|---|
| M. Radhika, M. Babu and P. K. Sehgal | 131 | Cellular proliferation on desamidated collagen matrices |
| Y. Fukai, H. Amino, H. Hirawake, Y. Yabu, N. Ohta, N. Minagawa, S. Sakajo, A. Yoshimoto, K. Nagai, S. Takamiya, S. Kojima and K. Kita | 141 | Functional expression of the ascofuranone-sensitive <i>Trypanosoma brucei brucei</i> alternative oxidase in the cytoplasmic membrane of <i>Escherichia coli</i> |
| T.-R. Xu, W.-Y. Wang, Y.-H. Huang, Q.-X. Meng, D.-S. Li, Q.-M. Lu and Y.-L. Xiong | 149 | A nerve growth factor from the venom of Chinese cobra (<i>Naja naja atra</i>) and its effects on male reproductive system in rats |

- B. D. Johnston, G. Alexander and C. J. Kennedy 157 Thermal modulation of the toxicokinetics of benzo[a]pyrene in isolated hepatocytes of sablefish (*Anoplopoma fimbria*), black rockfish (*Sebastes melanops*), and chub mackerel (*Scomber japonicus*)
- R. J. Nagendra Prasad, M. Datta and S. Bhattacharya 165 Differential regulation of Leydig cell 3 β -hydroxysteroid dehydrogenase/ Δ^5 - Δ^4 -isomerase activity by gonadotropin and thyroid hormone in a freshwater perch, *Anabas testudineus* (Bloch)
- M. V. Suresh, J. J. Lal, C. V. Sreeranjit kumar and M. Indira 175 Ascorbic acid metabolism in rats and guinea pigs after the administration of ethanol
- L. K. Duffy, E. Scofield, T. Rodgers, M. Patton and R. T. Bowyer 181 Comparative baseline levels of mercury, Hsp 70 and Hsp 60 in subsistence fish from the Yukon-Kuskokwim delta region of Alaska
- G. Krumschnabel, P. J. Schwarzbaum and W. Wieser 187 Energetics of trout hepatocytes during A23187-induced disruption of Ca²⁺ homeostasis
- S. Tanhuanpää, T. Eeva, E. Lehtikoinen and M. Nikinmaa 197 Developmental changes in 7-ethoxyresorufin-O-deethylase (EROD) and δ -aminolevulinic acid dehydratase (ALA-D) activities in three passerines
- H. Downes, D. R. Koop, B. Klopfenstein and N. Lessov 203 Retention of nociceptor responses during deep barbiturate anesthesia in frogs
- J. L. Ram, D. Moore, S. Puthakayala, A. A. Paredes, D. Ma and R. P. Croll 211 Serotonergic responses of the siphons and adjacent mantle tissue of the zebra mussel, *Dreissena polymorpha*
- P. Malovrh, K. Sepčić, T. Turk and P. Maček 221 Characterization of hemolytic activity of 3-alkylpyridinium polymers from the marine sponge *Reniera sarai*

Instructions to Authors

Vol. 124C, No. 3

Review

- S. M. Valles, P. G. Koehler and R. J. Brenner 227 Comparative insecticide susceptibility and detoxification enzyme activities among pestiferous Blattodea

General Papers

- M. A. El-Missiry 233 Enhanced testicular antioxidant system by ascorbic acid in alloxan diabetic rats
- G. J. Pass, S. McLean and I. Stupans 239 Induction of xenobiotic metabolising enzymes in the common brushtail possum, *Trichosurus vulpecula*, by *Eucalyptus* terpenes
- M. Sánchez, M. D. Ferrando, E. Sancho and E. Andreu 247 Assessment of the toxicity of a pesticide with a two-generation reproduction test using *Daphnia magna*
- R. G. Manzon and J. H. Youson 253 Temperature and KClO₄-induced metamorphosis in the sea lamprey (*Petromyzon marinus*)
- M. Grosell, G. De Boeck, O. Johannsson and C. M. Wood 259 The effects of silver on intestinal ion and acid-base regulation in the marine teleost fish, *Parophrys vetulus*
- D. Ronisz, D. G. J. Larsson and L. Förlin 271 Seasonal variations in the activities of selected hepatic biotransformation and antioxidant enzymes in eelpout (*Zoarces viviparus*)
- E. Fabbri, L. Barbin and A. Capuzzo 281 Non-selectivity of yohimbine for adrenergic receptors in fish liver
- T. Zhou, D. J. Rademacher, R. E. Steinpreis and J. S. Weis 287 Neurotransmitter levels in two populations of larval *Fundulus heteroclitus* after methylmercury exposure
- T. Urashima, Y. Kawai, T. Nakamura, I. Arai, T. Saito, M. Namiki, K.-i. Yamaoka, K. Kawahawa and M. Messer 295 Chemical characterisation of six oligosaccharides in a sample of colostrum of the brown capuchin, *Cebus apella* (Cebidae: Primates)
- S. Wanwimolruk, H. Zhang, P. F. Coville, D. J. Saville and L. S. Davis 301 In vitro hepatic metabolism of a CYP3A-mediated drug, quinine, in Adélie penguins
- K. Takahashi, M. Orihashi and Y. Akiba 309 Dietary L-arginine level alters plasma nitric oxide and alpha-1 acid glycoprotein concentrations, and splenocyte proliferation in male broiler chickens following *Escherichia coli* lipopolysaccharide injection
- K. Sasaki, I. Oota, K. Wada, K. Inomata, H. Ohshika and M. Haga 315 Effects of bilobalide, a sesquiterpene in *Ginkgo biloba* leaves, on population spikes in rat hippocampal slices
- G. M. Weber and E. G. Grau 323 Changes in serum concentrations and pituitary content of the two prolactins and growth hormone during the reproductive cycle in female tilapia, *Oreochromis mossambicus*, compared with changes during fasting

R. M. Wilkins, S. Ahmed and D. Mantle

E. Zou and M. Fingerman

337 Comparative effect of fenitrothion treatment on intracellular protease activities in insecticide-resistant and susceptible strains of *Musca domestica* L.

345 Patterns of *N*-acetyl- β -glucosaminidase isoenzymes in the epidermis and hepatopancreas and induction of *N*-acetyl- β -glucosaminidase activity by 20-hydroxyecdysone in the fiddler crab, *Uca pugilator*

I Volume Contents, Subject and Author index for Vol. 124C

Instructions to Authors
